CAREER OBJECTIVE

An ambitious and passionate full-stack web developer with a solid background in backend technologies, web development and API integration. Proficient in front-end technologies, SQL, Express, Node.js and JavaScript. Devoted to developing effective and scalable apps while always learning new technologies. I am looking for an opportunity so I can put my technical skills to use and get practical experience in an advance setting.

SKILLS

- Programming and Web Development: HTML, CSS, JavaScript, EJS, DOM, React.js
- Backend and APIs: Node.js, Express, Middleware, RESTful APIs, JSON
- Databases: SQL, PostgreSQL
- Development Tools: Git, Postman, Node Package Manager (NPM)
- Other Technologies: HTTP Requests, QR Code Integration
- Agile Methodologies and CI/CD Pipelines

EDUCATION

App Brewery Academy. **2024 - 2025**

Web Development (Full-Stack)

Federal University of Technology Minna, Nigeria. **2017 - 2024**

Bachelor of Technology in Physics Telecommunications (B. Tech)

EXPERIENCE

SkyeStudio, Nigeria. **2025**

Remote Job:

- Developing a custom browser-based video editor using React and Konva.js, enabling users to overlay, drag, resize, and animate shapes and videos on a canvas.
- Implementing advanced features such as timeline-based visibility control, shape layering (bring forward/backward) and video playback synchronization.

- Integrating user-friendly drag-and-drop video upload, resizable video components and interactive editing tools including color pickers, font controls and export functionality.
- Ensuring a responsive and intuitive UI/UX for seamless video customization.

Netelou International, Nigeria.

April – May 2023

Remote Job:

- Collaborated with a team to design and develop the front-end web pages of an e-commerce website for a retail chain business using HTML, CSS, JavaScript and WordPress.
- Customized and extended WordPress themes and plugins to support dynamic product listings, shopping cart functionality and secure checkout workflows.
- Developed responsive and well-structured category pages for various product sections including food, beverages, toiletries, fashion, stationery, and toys, ensuring consistency across desktop and mobile devices.
- Integrated WooCommerce for seamless e-commerce management, including inventory control, product filtering and payment gateway support.
- Implemented strategies for web performance optimization, improving loading speed, mobile responsiveness and SEO for enhanced search engine visibility and user engagement.
- Conducted user research, usability testing and iterative design updates to enhance overall website functionality, user experience and conversion rates.

SOFT SKILLS

- Excellent communication skills, with the ability to convey ideas clearly and collaborate effectively.
- Highly organized, self-motivated, and deadline-driven, ensuring timely project completion.
- Strong team player with proven leadership abilities, fostering teamwork and productivity.
- Exceptional problem-solving skills, with a strategic approach to challenges, troubleshooting and debugging.

HOBBIES

- Singing, playing football, listening to music, traveling.
